

IMPLEMENTING PARTNERS FACTSHEET
Disability Workstream

Project Brief

Agile Development Group is working in partnership with the government, Disabled People's Organisations (DPOs) and the private sector to contribute to the implementation of the National Disability Strategic Plan (NDSP 2019-2023). The project aims to increase entrepreneurship capacities of women with disabilities.

Project Outcomes

- Women Entrepreneurs with Disabilities (WEDs) have increased entrepreneurship capacities, peer support networks, and awareness of their economic contribution to society.
- WEDs have increased physical, and digital access to financial capital to support new businesses and self-employment opportunities.
- Key policy makers have increased awareness of the economic benefits of WEDs to society, including policy strategies to increase financial opportunities for WEDs.

Key Interventions

- Deliver business incubation training programs for WEDs.
- Create and sustain networks of WEDs.
- Conduct and disseminate research on access to financial services for women with disabilities.
- Collect success stories, document lessons learnt and organise forums to inform and influence policy makers on women with disabilities' entrepreneurship.

COVID-19 Interventions

- Remote ICT training with WEDs.
- A rapid small-sample qualitative survey of the impact of COVID-19 on WEDs.

Beneficiaries

- Direct: Urban women with disabilities, particularly WEDs aged between 18 and 35 years.
- Indirect: Family members of WEDs and the broader community of persons with disabilities.
