

IMPLEMENTING PARTNERS FACT SHEET
Gender-Based Violence Workstream

Project Brief

The project aims to improve the psychological well-being of women affected by GBV by developing the capacity of local service providers.

Project Outcomes

TPO Outcome 1: Women affected by GBV receive coordinated social services and referrals, including crisis information, safe shelter, and legal and psychosocial support

TPO Outcome 2: DAC-GS and Prov-DAC's well-trained staff provide improved advice to their members and relevant institutions

TPO Outcome 3: Integrated community awareness-raising on GBV and mental health services to the Commune Investment Plans (CIP) in the target districts

Key Interventions

1. Conduct training on Minimum Standards for Basic Counselling to GBV survivors, psychological first-aid, and referral guidelines
2. Provide a refresher training, and coaching/mentoring sessions to local service providers on psychological support services to assist women affected by GBV
3. Provide community-wide awareness-raising/psychoeducation on GBV services
4. Provide individual counselling/psychiatric treatment for women affected by GBV
5. Participate in the district integrated workshop and other local meetings (communes/district level)
6. Provide capacity building to DAC-GS

COVID-19 Interventions

Adapting and continuing aforementioned interventions virtually and/or the provision of remote services

Beneficiaries

1. Local Service Providers
2. GBV survivors
3. General public
