

**IMPLEMENTING PARTNERS FACT SHEET**  
**Disability Workstream**

**Project Brief**

The Royal Government of Cambodia (RGC) has created institutional mechanisms for the protection of persons with disabilities' rights. Those institutions include the Disability Action Council- Secretariat General (DAC-SG), the Disability Rights Administration of the Ministry of Social Affairs, Veterans and Youth Rehabilitation (MoSVY), Disability Action Working Groups (DAWG) of line ministries, and Provincial Disability Action Councils (PDAC) at the sub-national level.

The project has been designed based on the successful implementation of the UN Joint programme "Programme to Promote Disability Inclusion and Improve Quality Service for Gender-Based Violence Survivors", implemented by UNDP, UNPFA and UN Women. DAC is expecting to effectively develop, coordinate, and monitor the implementation of the National Disability Strategic Plan 2019-2023 (NDSP2) and relevant national legal frameworks such as the new disability law, accessible digital monitoring platforms (Web Application and Mobile App) and Disability Inclusive Social Protection (DISP) guidelines.

**Project Outcomes**

DAC effectively develops, coordinates and monitors the implementation of NDSP2 and relevant national legal frameworks.

**Key Interventions**

The success of project implementation lies on key priorities as below:

- Ensuring the effectiveness of coordination and mobilising resources for implementing NDSP2 through supporting DAC-SG, DAWGs, and PDACs. The intervention activities include training on disability inclusion, regular meetings, workshops, and rolling out the NDSP matrix
- DAC to establish the M&E taskforce and system to keep track of the NDSP2 implementation progress. The activities include developing and implementing accessible digital monitoring tools (Web Application and Mobile App), capacity development to the M&E taskforce
- DAC-SG and General Secretariat of the National Social Protection Council (GS-NSPC) to develop Disability Inclusive Social Protection Guidelines, including training, to ensure the inclusive implementation of the national program on social protection

<ul style="list-style-type: none"> <li>Create a core working group to monitor the Inter-Ministerial Prakas on Driving License implementation, including awareness training to health care providers.</li> </ul>	
<b>COVID-19 Interventions</b>	
Utilise the digital/online platform to conduct meetings, training, and workshops	
Adopt a participatory approach for online training/meeting by using necessary tools and methodologies	
<b>Beneficiaries</b>	
Direct: At least 5,000 persons with disabilities, including women and other marginalised groups	
Indirect:	
- Families of persons with disabilities, communities, local authorities and government	
- 15 members of DAC-SG and 200 members of the PDACs through the capacity development program	
<b>Geographic Location</b>	
Phnom Penh City, Kampong Cham, Kampong Speu, Tboung Khmum, Battambang and Siem Reap provinces	
<b>Project Partners</b>	
<b>Main partners:</b> DAC-SG and PDACs from these five geographic locations	
<b>Involved partners:</b> GS-NSPC, and Cambodian Disabled People's Organization (CDPO)	
<b>Duration</b>	
15 months from 01 January 2022 to 31 March 2023	
<b>Project Budget</b>	
Total ACCESS' Budget: AUD 200,000.00	
<b>Contacts</b>
